If the **applying principal investigator and institution** (Applicant) have ever had substantial relationships with tobacco companies or their affiliates, the Applicant must reveal in writing to FAMRI, at the time an application is submitted, the name of the tobacco company or affiliate(s); the dates and duration of the relationship(s); the purpose and total amount of any funding received; and the dates and descriptions of any other involvement – including, but not limited to, service on review boards or as a witness – by the Applicant or any faculty member affiliated with the Applicant.

“Substantial relationships” include but are not limited to:

- Application(s) for funding
- Receipt of funding for any purpose, including but not limited to research grants, advisory assignments and consulting relationships
- Service, whether paid or not, as a consultant, reviewer or witness.

“Attached is a list of tobacco companies and their affiliates. This list represents the most reliable information FAMRI could prepare, but FAMRI does not represent that this list is complete or accurate. There may be tobacco companies and affiliates that are not on the list so the Applicant’s disclosures to FAMRI should not be limited to names on the list. If you know of errors on the list, please inform FAMRI.
